

Careers at Uber Recruiting

At Uber, we're reimagining the way the world moves. From how you get home from work, to how you eat meals, or how you move huge shipments of anything, the work we do is shaping the future of mobility and changing the way people live. To get there, we've brought together a collective of optimists and doers to tackle some of the most challenging problems of our time.

We continue to grow our team with people who have the curiosity, passion and collaborative spirit to help us keep the world moving forward. That's where you come in. We believe in learning by doing - and there is no better classroom than real-world experience.

We are looking for individuals who are either returning to the workforce or making an intentional career shift into the field of Sourcing recruitment. Our participants will immerse themselves in a comprehensive training program that exposes them to the skills required to become a world-class Sourcing recruiter.

Join us to find, attract, and hire the world's greatest minds to join Uber.
